(a) Explain the difference between direct and indirect factory wages.	(2)
(b) Calculate the prime cost.	(6)

On 31 March 2014 Ajit's Manufacturing's trial balance failed to agree and the difference was entered into a suspense account. The following errors and omissions were later discovered.

- 1 An invoice from a supplier for £500 had not been entered in the books.
- 2 Stock valued at £360, taken by Ajit, had been debited to both the drawings account and the purchases account.
- 3 A sale of goods, £245, had been entered correctly in the bank account but no other entries had been made.
- 4 The total of discount received, £68, recorded correctly in the cash book, had been debited to discount allowed.
- (c) Complete the following table to show the necessary entries to correct these errors and omissions.
